PROFILE

Versatile **creative generalist** and content creator since 2013, and an **architect by training** (BSc, Cracow University of Technology). I edit video, design graphics, build motion graphics, create 3D visualizations, write & publish content, and handle basic web code & programming. I learn tools fast, work across 2D and 3D, and I'm **open to any creative role** — I just want to build great things. Big games enthusiast bringing real production skills to a games studio.

Video Editing

Long/short-form, ads, documentaries, motion graphics & sound.

Graphic Design

Thumbnails, posters, branding, UI & ad creatives. 2× award winner.

3D & Architecture

Photorealistic renders, modeling, lighting & technical drawings.

Content & Social

Scripting, copywriting, calendars & community growth.

Web & Basic Code

WordPress, HTML/CSS landing pages & SEO.

AI Production

Text, image, sound & video generation; prompt engineering.

🎮 **Why games:** I'm a passionate gamer who can actually build for games — UI/marketing art, 3D scenes, trailers, motion graphics and social content. I've even made GTA-style concept videos and game-art scenes (see portfolio).

EXPERIENCE

Designer, Video Editor & Content Creator

2013 – Present

Agencies, brands & client channels (incl. BK-Nação)

- Editing, graphic design, motion graphics, thumbnails & full content production across YouTube, Instagram & Facebook.
- Grew communities (20,000+ followers); award-winning poster & visual design.

Assistant Architect & 3D Visualizer

2021 – 2023

Karpel Steindel — Architecture Studio

- Photorealistic 3D visualizations, modeling, lighting and presentation boards under strict guidelines.

IT Analyst

2024 – Present

HCL Technologies

- Data analysis, technical research & documentation — a logical, problem-solving mindset.

EDUCATION & AWARDS

BSc in Architecture

2017 – 2021

Cracow University of Technology, Poland

- ☐ Winner — DStv Eutelsat Star Award, national poster design (Angola, 2016)
- ☐ Winner — "PK With My Eyes" design award (Cracow University of Technology, 2019)
